Continuation of claims discussed:

Continuation of Substance of Interview including description of the general nature of what was discussed: The case would be in condition for allowance if nonelected subject matter is removed. It was pointed out to Mr. Hansen that in claims 1,4 and 12 "n" needs to be limited to 1 and $V=CH$ and $W=CR_2$ consistent with the restriction requirement. Thus all nonelected and superfluous subject matter can be deleted by an Examiner's Amendment. Mr. Hansen approved of the deletions. It was also pointed out that punctuation marks (i.e. periods) are missing in the Abstract which will also be corrected by the examiner..
